

Welcome to THE CARFREE CITIES ALLIANCE!

Winning back our cities
One street at a time

A FUTURE
FOR CITIES

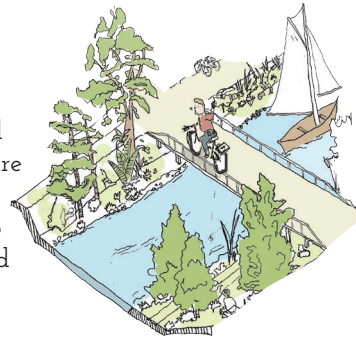

To get involved
see our website or e-mail us

downtown@carfreealliance.org

We want a future in which
community life is resilient and joyful,
humans interact with solidarity and
lead a dignified existence.
We create actions that contribute to
a better life for the people and the
planet.

WHAT IS CCA?

The Carfree Cities Alliance (CCA) is the premier international organization promoting the carfree model for current and future cities. It is a world-wide alliance of people and organizations dedicated to creating inclusive, sustainable cities. CCA seeks to greatly reduce reliance on the automobile in existing cities and to provide a blueprint for more sustainable new cities.

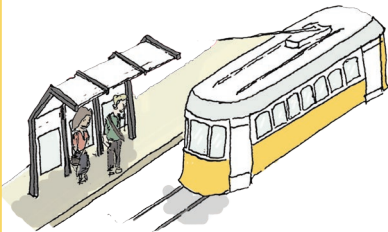

OUR MISSION

The mission of CCA is to demonstrate how carfree cities could reduce many of the biggest problems facing us today. This includes traffic crashes, air pollution, transport poverty, and climate change. We wish to support and empower carfree advocates and all those dedicated to regaining a sensible and environmentally-friendly approach to planning our cities and neighborhoods.

TOOLS YOU CAN USE

CCA has created a Carfree Toolkit which contains all the information, how-to's, and advice you need to create campaigns, projects, events, and programs. These are constantly being updated, so be sure to check back frequently.

BUILD BACK BETTER CITIES CAMPAIGN!

We are rolling out a global campaign with local accents. The carfree model goes a long way in addressing climate change. The Covid-19 crisis has shown us that cities can adapt quickly, and we should make the most of our current opportunities. This campaign is all about creating local resilience and building back better after the pandemic.

JOIN US!

If you are passionate on this topic, we would love to have your support and involvement! CCA welcomes new allies, whether individuals or organizations, to be a part of our growing international work, free of charge. We're also happy to cooperate on local issues in your area.
